2. **Have a good, honest, straightforward source of income.**  
As a Consultant, you can run workshops for parents or teach them individually, even through Skype. We all know, parents are happy to pay to give the best for their children. And SleepTalk® is one of the best parenting tool.
3. **Do it Online, worldwide.**  
Become an affiliate of the Online SleepTalk program. It is a well developed, all automated package. You direct parents to the web site with your affiliate link and your passive income comes day and night.
4. **Membership** with the International Register (First year sponsored)
5. **Unique URL Web page** (Sponsored)
6. **Eligibility to join International Association of Counselling Therapists (IACT)**
7. **One additional advantage:**  
Can you imagine a future, where all the people have healthy self-esteem, they are confident, they believe they are lovable and they are able to love and care?  
As a SleepTalk® Consultant, you work on that future.

## What a SleepTalk® Consultant actually does?
